About Us...

Allow me to introduce myself, I'm Theo's Mummy. Theo's Foundation was set up by myself and my husband, Lee to ensure that no one has to suffer the devastating impacts of baby loss alone. When we lost Theo we had very little professional support and didn't know where to turn in our darkest moments of grief. Our hope is to ensure that this changes and created Theo's Foundation especially for those who need support and are unsure where to turn. Our charity aims to ensure that whole families are supported not just the parents, for every kind of child loss. From one Angel family to another we are deeply sorry for the loss of your child, nothing will ever take that pain away, but we are hoping that we can support you and help you as much as possible so that you know you aren't alone, together we are united.

This guide is just one of the many resources we are putting together to help other angel families, but understand how hard it is when people ask what gifts we want, to tell them that really all we want is our Son, but gifts in his honour mean so much to us and hope that with some of these recommendations you will find some items that can bring you some comfort too.

Please feel free to reach out to us at any time either via email, through our website or on our social media platforms. As always, sending strength and love from our family to yours.

Kristina xx
